The Librarian and Trustees wish to thank all those who have contributed gifts of books and magazines this past year. Special mention is made of the book "St. Helena and the True Cross," by Louis DeWohl which was given by the Catholic Daughters Court of St. Helena. Approximately 700 books have been cataloged and the Library has subscribed to 10 magazines most of which are in constant use. The New Hampshire Bookmobile and the Interlibrary loan service has made it possible to provide many more books for our patrons. The Tuck School Library has been most generous in permitting us to purchase special books through their order department and in turn they wish to thank us for the loan of a small collection of fiction which their Faculty and staff have made use of. The Librarian has cooperated with the Bi-Centennial committee by offering to provide binding for the historical material which is being written by the members of the Committee. This will make this material about the Town more available to the School when studying various phases of its history and government each year and save wear and tear on the old scrapbooks. We have been happy to have Miss Eastman able to work

part-time in the Library this year and we especially appreciate the many hours of service rendered by Mrs. Tarney and Mrs. Ibey.

Respectfully submitted,

Nellie L. Pierce, Librarian

The concession was put out for bid this year, and was given to John Roche since he was the highest bidder. Quite a bit of money was turned in by the concession.

Much work was done during the year to make our recreation area more attractive. The following are some of the main improvements:

A new road built as entrance to the picnic area, and a culvert was put in.

Outdoor toilets were built behind the parking area.

These were inspected by the State Inspector and highly approved.

We rebuilt the cribbing on the west side of the beach, and also put in several loads of sand on the beach. A new rope was bought for the life line.

The sign was straightened and repainted. The bath-house and the stairs going up to the picnic area were stained.

Three new picnic tables were made this winter and will be put out in the spring.

A parking fee was charged on good days for out-of-townners and this proved to be very profitable.

Next year the commission plans to do the following toward improving our recreation area:

The picnic area will be enlarged by cutting down more brush and bringing in more fill. Also a drainage culvert will be put in off Route 4 A at the entrance to the parking area. We hope to provide drinking water to accommodate the picnickers. To make the road and the parking area safer and more attractive, a fence will be put up along the road and on the edge of the parking area.

New and attractive signs will be put up both at the parking area and the beach, stating the rules that should be obeyed by the public.

Again we wish to thank those who have contributed so generously to this project. Special thanks to the many organizations who gave substantial funds—without these we couldn't have done the work that was accomplished this year.

Respectfully submitted,

Public Health Nurse Report

Many home visits were made in the town by the nurse on mothers, babies and pre-school children and instructions and advice given as necessary. Arrangements have been made for children to attend Crippled Children's Clinic's at Hanover, Pediatric Clinics at Hanover and Concord and Children's Hospital in Boston for diagnosis and treatment as recommended. Follow-up has been done on these cases.

Immunization clinics were held late in the year of 1959, therefore no clinics were held in Enfield in 1960. Parents have been notified of immunization clinics in surrounding towns and several have taken advantage of same.

The Tuberculosis work of Grafton County is now covered by the N. H. Department of Health in cooperation with the N. H. Tuberculosis Association. A chest clinic was held in Lebanon November 2, 1960 and several adults and children attended for x-rays. Reports have been sent to physicians referring and to the patients attending.

I would like to take this opportunity to thank the Local Health Officer, School Nurse and Dr. Brown for the excellent cooperation the past year and any others who have assisted in our program in Enfield.

Respectfully submitted,

LOIS B. REED, R. N.

Prevention is Your Business

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.

3. Make certain your fire, camp debris, is Dead Out before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 2

Number of acres burned — 2.5

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Enfield:

I present herein my annual report for 1960, my seventh annual report as Superintendent of Schools in Enfield.

School Building Study

The study of school building needs authorized at the 1960 School District Meeting is still going on. It is expected that at least a preliminary report on the study will be made at the 1961 School District Meeting. It is clearly evident at this time, as has been previously reported, that Enfield must soon make a decision to build its own school, consolidate with some other school district or school districts, or to send its high school pupils to some other community on a tuition basis.

Teachers' Salaries

I am concerned about the teachers salary situation in Enfield. We were very fortunate, indeed, in the teachers that we secured last summer for the vacancies we had. We got two excellent men teachers, Mr. Kiley and Mr. Breen, for the high school because they had retired in their respective states and wished to continue teaching for a while in this area. We were equally fortunate in securing Mrs. Hall as an elementary teacher. She came to us largely because she lives in Enfield and did not want to commute. We all hope that these teachers will stay with us.

We had offered a contract to another man for one of the high school positions. He accepted, but then withdrew.

To the best of my recollection and a study of our

records, we had no other candidates for the positions who were interested at the salary offered, or who were qualified for the positions. This is in spite of the fact that we wrote many letters, made many telephone calls, and many other contacts. We also advertised in several of the papers.

I know that the Enfield School Board is also very much concerned about the situation. It has given a great deal of study to revision of the present salary schedule. I sincerely hope that the School District Meeting will appropriate the funds necessary to put this schedule into effect.

Band Director

Mr. Gustave A. Foret, who directed the Enfield band for quite a number of years, resigned. We are very much pleased that we could get as his successor Mr. Harold Odell of Enfield. He is doing an excellent job with the band and has aroused a tremendous enthusiasm among the band members. He is also working with the junior band, the members of which become members of the regular band when they have acquired more experience.

Professional Improvement

I am very much pleased with the number of Enfield teachers who, during the year, took professional improvement courses either on an extension or summer school basis. They are as follows:

Martha Armstrong, Teaching the Exceptional Child, 1960 Plymouth Teachers College; Two summer school courses, 1960 Plymouth Teachers College.

Marjorie Hayes, Teaching the Exceptional Child, 1960 Plymouth Teachers College.

Georgia Lapan, Music Appreciation, 1960 Keene

Teachers College; Speech for the Teacher in Service, 1960 University of N. H.

Amy Bond, Speech for the Teacher in Service, 1960 University of N. H.; Teaching the Exceptional Child, 1960 Plymouth Teachers College.

Gene Lovejoy, Speech for the Teacher in Service, 1960 University of N. H. Teaching the Exceptional Child, 1960 Plymouth Teachers College.

Ruth Davis, Enrolled in three-year course, with Famous Artist School, Conn., 1960-63.

Richard Lovejoy, Biology Institute, 1960-61 Dartmouth College.

Curricular Developments

Rinehart Writing System

This year the Rinehart Writing System was put into the Enfield School for the first time. It is a system put out by the Rinehart Company and is used in many school systems. A representative of the company gives periodic instruction to the teachers and to the pupils. The teachers then carry on the instruction between those periods. Obviously, it will take time for the complete effect of the system to be shown; particularly in the fifth, sixth, seventh, and eighth grades. The teachers report, however, that there is already significant improvement.

Civic and History books

As a result of a careful study made during the school year 1959-60, new Civics books and new United States History books for grade eight were introduced this year. The teachers report that they are a big improvement over the old books which had become badly worn and obsolete. The books are of much more interest to the pupils and are based on more up to date thinking.

School Plant

On the whole, the school plant is in good condition. The school custodians are doing excellent work in maintaining it. They are doing the painting during the summer and many other maintenance jobs. The addition of the awnings outside the primary rooms in the new wing was a big improvement. There is much less glare in the rooms and the heat is not as intense.

Conclusion

In concluding, I want to express appreciation to the members of the School Board, the members of the school staff, and the people of the community for their cooperation and help.

Respectfully submitted,

Arthur E. Pierce
Superintendent of Schools
